Jan Błaż

3D Modeler & Product Designer • Front-end Developer • IT • International Marketing (events, trade fairs)

ABOUT ME

3D modeler and product designer with commercial work in game-ready assets, functional 3D-printed automotive parts and music production. Strong toolset across Blender, 3ds Max, Maya, SolidWorks, Fusion 360 and Rhino 3D, plus a Front-end Development base (web, IT, cybersecurity) and years of international B2B marketing — brand launches, events and trade fairs. Open to roles in 3D/product design, IT or international marketing, including internships.

PROFESSIONAL EXPERIENCE

2023 – Present

3D Designer (Freelance)

Self-employed — Remote

- Produced ~10 game-ready car models for racing titles such as Assetto Corsa.
- Designed and 3D-printed 10+ functional automotive parts; one is being reproduced in glass fibre for production.
- Deliver commercial CAD and 3D work end-to-end, from concept to final model or print.

2023 – Mar 2026

Sales & Marketing Assistant

Independent Traders & Consultants — Warsaw, Poland

- Introduced 20+ foreign suppliers and brands to the Polish and CEE markets.
- Organised 4 industry trade fairs in Poland and coordinated international B2B events and meetings.
- Conducted market research to identify new opportunities and partners.

2020 – 2023

Junior Marketing Assistant

Biotop-Service Sp. z o.o. — Warsaw, Poland

- Maintained marketing and customer databases; acquired new clients and partners.
- Provided day-to-day IT support across the team.

2019 – 2020

Sales Specialist (Cold Lead) – SentiOne — Poland

2019

Work & Travel Programme – Tokyo, Japan

2018 – 2019

Door-to-Door Sales Representative – Energy Match — Poland

EDUCATION

2025 – Present

BSc in Front-end Development (in progress)

Vistula Academy of Finance and Business — Warsaw, Poland

2021 – 2023

Automotive Engineering

Politecnico di Torino — Turin, Italy
